

How The World Was Made (p. 24)

After reading the Cherokee creation myth, complete the chart below. According to the myth, many natural events took place in order to create the world. These natural events are explained in unusual ways. In the chart below, the left column lists the natural events found in the story. Find the Cherokee explanation for each event and write it in the right column. **Use your own words to thoroughly explain.**

<b>Natural Event/Occurrence</b>	<b>According to the myth, what caused the natural event to occur?</b>
North, South, East, West	
The earth	
Valleys	
Mountains	
Sunrise/Sunset	
Crawfish shells that are red	
Nocturnal animals	
Evergreen trees	
Human reproduction
