

## Myth Perspective Rewrite

Choose one of the following myths to rewrite from a different point of view. Be sure to identify the new perspective.

**Minimum: One page (front only)**

- The Sky Tree (p. 35)
- How the World was Made (p. 24)
- How the Leopard Got its Claws (p. 38)

*For example, The Sky Tree is told from 3<sup>rd</sup> person objective point of view. You could change it to 1<sup>st</sup> person and write as the old chief or perhaps 3<sup>rd</sup> person limited where you are an “outsider looking in” with the privilege of knowing and revealing the thoughts of a single character.*
