

**Part 1: Puritan Values**

Below is a list of Puritan values. Beside each one, describe **in your own words** an incident from Of Plymouth Plantation that illustrates that value. Do not repeat an incident.

Puritan Value	Incident from text
Self-sacrifice	
Belief in God’s guidance and protection	
Fear of the wilderness	

**Part 2: Tone**

*Remember, any sentence or phrase that you pull directly from the text is a quote.*

1. How would you describe Bradford’s tone toward the Native Americans when the Pilgrims first arrived?
2. Provide one quote that supports your answer to #1.
3. Bradford’s tone later changes. Find a quote that supports his later view toward the Native Americans.
4. How would you describe Bradford’s tone toward the physical surroundings encountered in the new land?
5. Provide TWO quotes that support your answer to #4.

**Part 3: Short Constructed Responses**

CR 1: Why might Bradford have written Of Plymouth Plantation in third person instead of first person narrative?

CR2: Imagine you are one of the few colonists who remained healthy and served as caretaker for the other settlers. Thinking like a Puritan, write a response expressing your thoughts and feelings about your experience.
